Dear Resident,

**Re: New experimental residents parking scheme, Zone K – Clarendon Park**

I am writing to confirm next steps for the implementation of the experimental residents parking scheme in your area.

The legal process for the introduction of the residents parking scheme is now nearing completion. It is planned to place the final notice in the Leicester Mercury and on street during week commencing 04/01/2021. This will advertise implementation of the scheme from 01/02/2021, when the signage will be in place.

Enclosed are the explanatory notes for residents about available permits and how to apply for them online. Please read carefully and if you wish to obtain a permit, please submit an application as soon as possible.

**Please note**, if you or your visitors park a vehicle on street in the residents parking Zone K – Clarendon Park, without displaying a valid permit from 01/02/2021 onwards, a Penalty Charge Notice may be issued to the vehicle. There will be a two week period from 01/02/2021 to 14/02/2021 where warning notices will be issued to vehicles not displaying valid permit. You can still use your own driveway to park without a permit, as long as you do not overlap the footway.

Please contact Parking Services by e-mail at [parkingpermits@leicester.gov.uk](mailto:parkingpermits@leicester.gov.uk) if you have any further questions regarding available permits or permit application process. Please contact Traffic Management on 0116 454 3720 for information about the scheme itself.

Yours faithfully,
